This Acceptable Usage Policy agreement (hereafter referred to as "AUP") is made and entered into by and between PCG Host, a division of PC Guy Consulting, and our Web Hosting service clients (hereafter individually referred to individually as "CUSTOMER").

PURPOSE. The purpose of the AUP is to define what is and what is not acceptable regarding use of PCG Host services. These policies are applicable to all CUSTOMERS upon enrollment as noted by the PCG Host Service Agreement. Recent abuses and lack of adherence to our established Service Agreement terms by a number of CUSTOMERS have required us to specify what appropriate actions PCG Host will pursue should CUSTOMERS willfully and/or repeatedly violate the AUP.

ACCEPTABLE USAGE POLICIES. The following policies are now in effect:

Policy 1 -- Unsolicited Commercial Emailing (UCE) or "spamming":

CUSTOMER acknowledges that UCE is expressly prohibited, and that utilizing the PCG Host services, PCG Host's equipment, or any PCG Host Web site address in connection with the sending of the same or substantially similar unsolicited electronic mail message, whether commercial or not, to a large number of recipients (defined to be greater than 100) in total, is expressly prohibited. This does not include authorized subscribed emailing listservs or "mailing lists," but refers only to emails commonly referred to as "spam." This prohibition extends to the sending of unsolicited mass mailings from another service which in any way implicates the use of the PCG Host-hosted Web site, PCG Host's network equipment, PCG Host's electronic email or nameservice systems.

NOTE: PCG Host chooses not to offer services, host, or in any way associate with Web sites that operate, distribute, promote, advocate or participate in UCE activities.

If a PCG Host CUSTOMER Web site is found to be participating in mass emailing activities in any way, PCG Host reserves the right to immediately terminate the account at our discretion without prior notice and apply a penalty (s) noted by the "VIOLATIONS" paragraph below.

Policy 2 -- Indecency:

PCG Host services may only be used for lawful purposes. Transmission or solicitation of any material that violates United States Federal, State, or other laws that may apply in this jurisdiction or CUSTOMER's local area, is prohibited. This may include material that is obscene, threatening, harassing, libelous, or a violation of intellectual property laws. CUSTOMER agrees that any material published by CUSTOMER which would commonly be considered "indecent," abusive, profane, libelous, slanderous, threatening, or otherwise harassing, or content commonly referred to as "adult" material, will not be hosted on CUSTOMER's site, nor will any links to such sites exist within or via CUSTOMER's site.

Policy 3 -- Legal and Fair Use:

CUSTOMER agrees to use its PCG Host account in a way that conforms to all applicable laws and regulations. CUSTOMER specifically agrees not to make any attempt to gain unauthorized access to any systems or networks operated directly or indirectly by PCG Host or its parent company, PC Guy Consulting.

VIOLATIONS. CUSTOMER agrees to pay PCG Host a penalty of \$200 per day per violation for each day or partial day an AUP provision is in violation. Payment by CUSTOMER under this provision shall not prevent PCG Host from seeking to obtain other legal remedies against CUSTOMER.
